EDUCATION

Bachelor of Engineering(B.E) - COMPUTER SCIENCE (CSE), *Chennai Institute of Technology* ⎘ Sep 4– present
- Cumulative Grade Point Average **(CGPA) - 8.5/10** Chennai, India

EXPERIENCE

AICTE, Java Full Stack *Intern* ⎘ Jun 2025 – Jul 2025
- Completed a Java Full Stack Internship, gaining hands-on experience in Java, Spring Boot, and related frameworks. India
- Enhanced backend-to-frontend integration efficiency through practical projects, strengthening full-stack development.

PROJECTS

SILENT SOS – Smart Instant Life Emergency Notification & Tracking System - *React Native,Expo,Firebase,Typescript,*CSS,Git. ⎘
- A mobile-friendly app that disguises itself as a normal news feed interface but secretly triggers SOS alerts when the phone is shaken.
- It also includes specialized safety features such as Child Help, Fire Rescue, Fall Detection, and Medical Emergency assistance.

STAFF ATTENDANCE – Staff Duty & Attendance Monitoring System - React, JavaScript, Supabase*, Git.* ⎘
- A platform for tracking staff check-ins, duty hours, and attendance records in real-time.
- It provides secure authentication, role-based access, and dashboard analytics for easy monitoring and reporting.

BILLBOARD ALERT – Mobile Application for Billboard Detection - React Native, TypeScript, MongoDB, Firebase ⎘
- Detects billboards containing inappropriate or prohibited words and reports them automatically.
- It also allows users to discover billboards with special offers and promotions in their area.

RURAL MINT–E-commerce Platform for Handmade Products-React,JavaScript,MongoDB,Firebase,BlockChain ⎘
- Enables artisans to sell authentic handmade products with blockchain-generated authenticity certificates.
- Buyers can verify product originality and purchase secure, genuine handmade items directly through the platform..

WAREHOUSE MANAGEMENT – Real-Time Inventory Tracking System - Spring Boot, React, SQL, VS Code, IntelliJ ⎘
- Tracks and updates inventory data in real-time for efficient warehouse management.
- It also provides insights on product discounts, profit ratios, and stock optimization for better business decisions.

SKILLS

- **Programming Languages**: Python, SQL, JavaScript, C++, C, Java, TypeScript,Dart.
- **Artificial Intelligence**: Pandas, Keras , NumPy.
- **Frontend and Design**: HTML, CSS, React.js, Django ,Canva, React Native , Flutter .
- **Backend and Databases**: MySQL, Supabase , MongoDB, SQLite, Firebase, Node.js, Typescript.
- **CS Fundamentals**: Data Structures, Algorithms, Computer Architecture, Operating Systems, DBMS, OOPs.
- **Soft skill and Tools :** Leadership , Team management ,Communication , Git , GitHub , VSCode , Intellj , PostMan.

COMPETITIVE PROGRAMMING

- **Leetcode** : **(senthamizh)** Top 17.51% Globally, Solved 715+ sums, Max Rating 1740, Badges 8, Daily Streak 140+ days. ⎘
- **Codechef** : **(selva)** Div 4,one Stars (Best),Max Rating 1123,Best Rank 1641.Solved 400+ sums.
- **Code forces** :**(senthamizh.s)** Div 3,Max Rating 1000, Best Contest Rank 8031.
- **Skill Rack : (senthamizhselvan s)** Solved 500+ sums , Ranked 74000 globally .

ACHIEVEMENTS

- **All India Developers Challenge (**Built Silent SOS, a security app designed to help individuals in emergency situations**)** ⎘
- **TechNove** (Built A built board Checker for violation), **TechNova INDIA** — JUL 2025
- **Adobe Quiz 2025 Participant** (Top 500 / 10000+ participants), **Adobe INDIA** . — AUG2025
- **Agentic AI Day** (Forest Fire Detection And Exploration), **Google cloud** . — AUG2025
- **Solution Challenge** (Participation In Campus Solution challenge), **Google Developer Group.** — SEP 2025
- **Bharatiya Antariksh** (Participation In National level hackathon), **ISRO.** — AUG2025

CERTIFICATION

- **AWS Cloud Practitioner Essentials - AWS** ⎘ — JUL 2025
- **AWS Certified cloud pratitioner - LinkedIn** — FEB 2025
- **Introduction to Linux - LinkedIn** — MAR 2025
- **Introduction to Modern AI - Cisco** — JAN 2025
- **Full Stack and Frontend Development - LinkedIn** — APR 2025
- **MongoDB Basics - MongoDB** — JUN 2025

LOGESHWARAN J

PROFESSIONAL SUMMARY

A dedicated Computer Science Engineering student with a passion for transforming ideas into impactfull applications. Proficient in C++, Java, React,Express.js, SQL,and UnityEngine enjoy building scalable, high-performance solutions and thrive in collaborative environments thatvaluecreativity,cleancode, and continuous innovation.

Address: Chennai, Tamil Nadu, India

EDUCATION

Bachelor of Engineering in Computer Science and Engineering | 2024-2028

ChennaiInstitute of Technology

CGPA: 8.16

INTERNSHIP

FullStack Development Intern | Nov 2025 - Dec 2025

Upcheck Pvt. Ltd., Chennai *Developed and maintained web applications using React, Express.js, and SQL.*

- *Collaborated with the development*
- *team to design and implement responsive user interfaces and backend APIs. Assisted in debugging, testing, and*
- *optimizing performance for seamless user experience. Gained hands-on experience in full-stack deployment and*
- *version control using Git and GitHub.*

PROJECTS

FleetGuard AI | Full Stack + AI Application

- *Developed an intelligent fleet management system integrating AI-driven vehicle damage detection and repair cost prediction using the Gemini Vision API.*
- *Built a robust backend with Node.js, Express.js, and Supabase for data and image storage.*
- *Implemented RESTful APIs for incident analysis, vehicle management, and automated PDF report generation.*
- *Designed a responsive frontend with React 18, Tailwind CSS, and Axios for real-time data visualization and dashboard management.*
- *Integrated AI modules for damage classification, safety status detection, and cost estimation, improving operational decision-making efficiency.*

The Green Trails | Full Stack Mobile App

- Built a real-time eco-tourism tracking app using React Native, Node.js (Express), and Firebase/PostgreSQL.
- Integrated Google Maps API for live location tracking and QR-based check-ins for volunteers. Designed
- gamified features like eco-badges and leaderboards to boost engagement.
- Implementedadmin toolsfor event management, real-time dashboards, and user analytics.

The Last Protector | 2D Action-Adventure Game

Developed a Unity-based 2D action-adventure game with combat, enemy AI, and UI systems, built fully in C# and released on itch.io.

ACHIEVEMENTS

- Solved 530+ problems on LeetCode, strengthening skills in Data Structures and Algorithms.
- Qualified for Round 2 of the All India Developers Hackathon, showcasing full-stack and problem-solving expertise.
- Qualified for final round in Tesco Retail Media InnovAltion Hackathan

TECHNICAL SKILLS

- **ProgrammingLanguages:** C++, Java, JavaScript, SQL,C#,Python
- **Web Technologies**: React, Express.js, Node.js, HTML, CSS, Tailwind CSS
- **Databases:** PostgreSQL, Supabase
- **Tools & Platforms:** Git, GitHub, VS Code, Postman, Render, Vercel
- **Game Engine**:Unity

CERTIFICATIONS

- C++ Essential Training– LinkedIn Learning
- Java Advanced Programming – LinkedIn Learning
- SQL Essential Training (NASBA) – LinkedIn Learning
- React Essential Training – LinkedIn
- Learning Google Cloud Virtual Internship – Google Cloud Career Launchpad, APAC
- NPTEL Internet of things - Elite+Silver
- AWS Certified Cloud Practitioner Essentials

SELLAMUTHU R

✉ sellamuthur2007@gmail.com ☎ (+91) 7305537699 📍 Chennai, India in SellamuthuRamu ⓖ sellamuthu2007

EDUCATION

Bachelor of Engineering(B.E) - COMPUTER SCIENCE (CSE), *Chennai Institute of Technology*   Sep 4– present
Chennai, India
- Cumulative Grade Point Average **(CGPA) - 8.9/10**

EXPERIENCE

BETSHOOW - *Application Development Intern*   NOV 2025 – DEC 2025
India
- Completeda FrontendDevelopmentInternship, gaining hands-on experience in React.js, Tailwind CSS, and UI/UXworkflows.
- Improved UI performance and strengthened API integration for the radiology management system.

PROJECTS

INSTACLONE – Social Media Photo Sharing Application – *React ,Bootstrap, Firebase, TypeScript, CSS, Git.*
- A responsive web application that lets users create posts, browse a dynamic feed, and interact through likes and comments.
- It also includes features like secure user login, profile setup, and cloud media storage with smooth real-time updates.

STAFF ATTENDANCE – Staff Duty & Attendance Monitoring System - React, JavaScript, Supabase*, Git.*
- A platform for tracking staff check-ins, duty hours, and attendance records in real-time.
- It provides secure authentication, role-based access, and dashboard analytics for easy monitoring and reporting.

SILENT SOS– Smart Instant Life Emergency Notification & Tracking System *- React Native,Expo,Firebase,Typescript,*CSS,Git.
- A mobile-friendly app that disguises itself as a normal news feed interface but secretly triggers SOS alerts when the phone is shaken.
- It also includes specialized safety features such as Child Help, Fire Rescue, Fall Detection, and Medical Emergency assistance.

RURAL MINT–E-commerce Platform for Handmade Products-React,JavaScript,MongoDB,Firebase,BlockChain.
- Enables artisans to sell authentic handmade products with blockchain-generated authenticity certificates.
- Buyers can verify product originality and purchase secure, genuine handmade items directly through the platform..

PORTFOLIO WEBSITE – Personal Branding Web App – React, Tailwind CSS, JavaScript, Git.
- A fully responsive personal website showcasing projects, skills, and achievements with a modern, professional UI.
- It also includes smooth navigation, dynamic project modules, and integrated resume options for a complete professional portfolio.

SKILLS

- **Programming Languages:** Python, SQL, JavaScript, C++, C, Java, TypeScript.
- **Artificial Intelligence:** Pandas, NumPy,Matplotlib.
- **Frontend and Design**: HTML, CSS, React.js, Django ,Canva.
- **Backend and Databases**: MySQL, Supabase , MongoDB, SQLite, Firebase, Node.js, Typescript.
- **CS Fundamentals**: Data Structures, Algorithms, Computer Architecture, Operating Systems, DBMS, OOPs.
- **Soft skill and Tools :** Leadership , Team management ,Communication , Git , GitHub , VSCode , Intellj , PostMan.

COMPETITIVE PROGRAMMING

- **Leetcode** : **(sellamuthu2007)** Top 24.07% Globally, Solved 784+ sums, Max Rating 1613, Badges 3, 284+ Active days.
- **Codechef** :**(tight_brillo)** Div 4,one Star (Best),Max Rating 1130,Solved 510+ sums.
- **Code forces** :**(krssellamuthu2007)** Div 2,Max Rating 405.
- **Skill Rack : (Sellamuthu)** Solved 550+ sums.

ACHIEVEMENTS

- **All India Developers Challenge (**Built Silent SOS, a security app designed to help individuals in emergency situations**)**   JUL 2025
- **TechNove** (Built A built board Checker for violation), **TechNova INDIA** .   AUG2025
- **Adobe Quiz 2025 Participant** (Top 500 / 10000+ participants), **Adobe INDIA** .   AUG2025
- **Agentic AI Day** (Forest Fire Detection And Exploration), **Google cloud** .   SEP 2025
- **Solution Challenge** (Participation In Campus Solution challenge), **Google Developer Group.**   AUG2025
- **Bharatiya Antariksh** (Participation In National level hackathon), **ISRO.**

CERTIFICATION

- **AWS CloudPractitioner Essentials-AWS**   JUL 2025
- **Introduction to Internet of Things - NPTEL**   OCT 2025
- **CCNA: Introduction to Networks - CISCO**   NOV 2025
- **Introduction to Cybersecurity - CISCO**   OCT 2024

ABOUT

- Results-driven Computer Science professional with expertise in software development, data analysis, and problem-solving. Proficient in Python, Java, and Machine Learning
- Ambitious tech professional with a strong background in programming languages and algorithms. Skilled in Python, Java, and Machine Learning, with a drive for innovative solutions

EDUCATION

Chennai institute of technology| 2024-2028

Bachelor of Technology in Artificial intelligence and data science

- GPA: 9.04 (as per 1st sem)
- Academic Clubs: Member of the Cloud Computing Club
- Thesis: "Exploring Machine Learning Applications in Healthcare"

EXPERIENCE

- Internship Seeker: Actively looking for opportunities to apply my skills and knowledge in a real-world setting, with a strong enthusiasm for learning and growth
- Portfolio Developer: Designed and developed a personal portfolio website to showcase my projects and skills, demonstrating my proficiency in web development and UI/UX design

SKILLS

Technical skills:

- *Programming languages*: Python, Java, JavaScript,C,C++
- *Development frameworks*: Django,React
- *Databases*: MySQL, MongoD
- *Tools*: Git, Docker,Canva,Figma

Soft skills:

- Communication
- Teamwork
- Time Management
- Problem-solving
- Adaptability
- Leadership
